Amendment No. 3 to Form S-1

Risk Factors
Risks Related to the Company
There can be no assurance that we will be able to comply with the continued listing standards of Nasdaq, page 41

1. We note your response to prior comment 1, and note your risk factor disclosure that if the company is required to repurchase any shares of its Class A common stock from Meteora pursuant to the forward purchase agreement, it may cause the company to fail to satisfy the Nasdaq's minimum standard requirements. However, we note that you have not discussed such risk in your prospectus summary. If you do not believe that such

information is required in your prospectus summary, please provide your analysis. Refer to Items 105(b) and 503 of Regulation S-K. Exhibits

2. We note your response to prior comment 3, and reissue such comment. The fee table filed as Exhibit 107 does not appear to be consistent with the description of the transactions being registered as set forth on your prospectus cover page. For example, it does not appear that the fee table includes the issuance by the registrant of the shares of Class A common stock underlying the Private Placement Warrants. Please revise.
