OPAL Fuels Secures Development Rights on Four New RNG Production Facilities

The four new projects would represent 1.5 million MMBtu of aggregate annual design capacity for OPAL Fuels

WHITE PLAINS, N.Y. – (February 27, 2025) – [OPAL Fuels Inc.](#) (Nasdaq: OPAL) announced today it has entered into joint venture partnerships to develop four new landfill RNG production projects. OPAL’s 50% share of the four projects represents 1.5 million MMBtu of aggregate annual design capacity. The company is in the process of conducting development and engineering work on the sites and anticipates beginning construction over the course of 2025. When fully operational, the total output from these facilities would be approximately 20 million GGE annually.

“We are very excited about adding these four new projects to our RNG portfolio,” said Jonathan Maurer, Co-CEO of OPAL Fuels. “As we continue to scale our operations and expand our pipeline of landfill gas projects, we continue to make a real impact on decarbonizing heavy-duty trucking fleets, and providing clean energy for homes and businesses.”
